### **ASSEMBLY INTERNSHIP PROGRAM APPLICATIONS AVAILABLE**

Assemblymember Lloyd E. Levine, D-Van Nuys, is encouraging students with an interest in government and public policy to apply for the 2003 Summer Internship Program in his Van Nuys district office.

The program is open to both college and high-school students. Interns will work in teams on a wide variety of assignments, including community outreach, research, and public relations projects.

“This is a great hands-on opportunity to learn about state government” Levine said. “Our interns get real-world lessons in politics they won’t find in college textbooks.”

The program, started in Winter 2002, has already been successful in its short time in existence. Previous interns have continued on to attend prestigious educational institutions such as UCLA, UC Berkley, CSUN, and many more.

Interested students must complete an application, which includes a brief essay. Applications for the internships, which are unpaid, can be picked up at Levine’s office at 6150 Van Nuys Boulevard, Suite 300, in Van Nuys. For more information, call Alycia Seaman at (818) 904-3840.
